Our Mission

We improve lives and communities through housing with compassion and development with vision. We create pathways out of homelessness through empowerment, education, & advocacy.

We strengthen communities by developing and preserving affordable housing and creating opportunities for people and places to thrive.

Established in 1982, our work extends throughout the Hudson Valley, where we assist people of all ages and communities of all types and sizes.

Our Values

Compassion
Empathy

Our Vision

Our vision is that housing is seen as a basic human right that is available to all, regardless of income, family makeup, race or ethnicity, physical or mental health, or any other defining factors. Communities, including their residents and governing bodies, value quality, affordable, and well-designed housing and neighborhoods as an essential part of everyday life.

"Now I have a safe, clean apartment and it’s affordable. That provided stability."

"HRH allowed me time to rebuild my life."

"HRH is helping the community the most by helping us businesses to succeed. It brings more people into the neighborhood."

"HRH gives you time to breathe and to think about where you would like to go."

"I didn’t think anybody could help me, and HRH did."
